

Satellite proxy and wind/upwelling carry genuine signal; currents do not

target-only baseline (0.2014)

Full redundant physical union (79 cols)

Current / transport alone

SST / thermal

Cloud/availability flag

PLV general meteorology

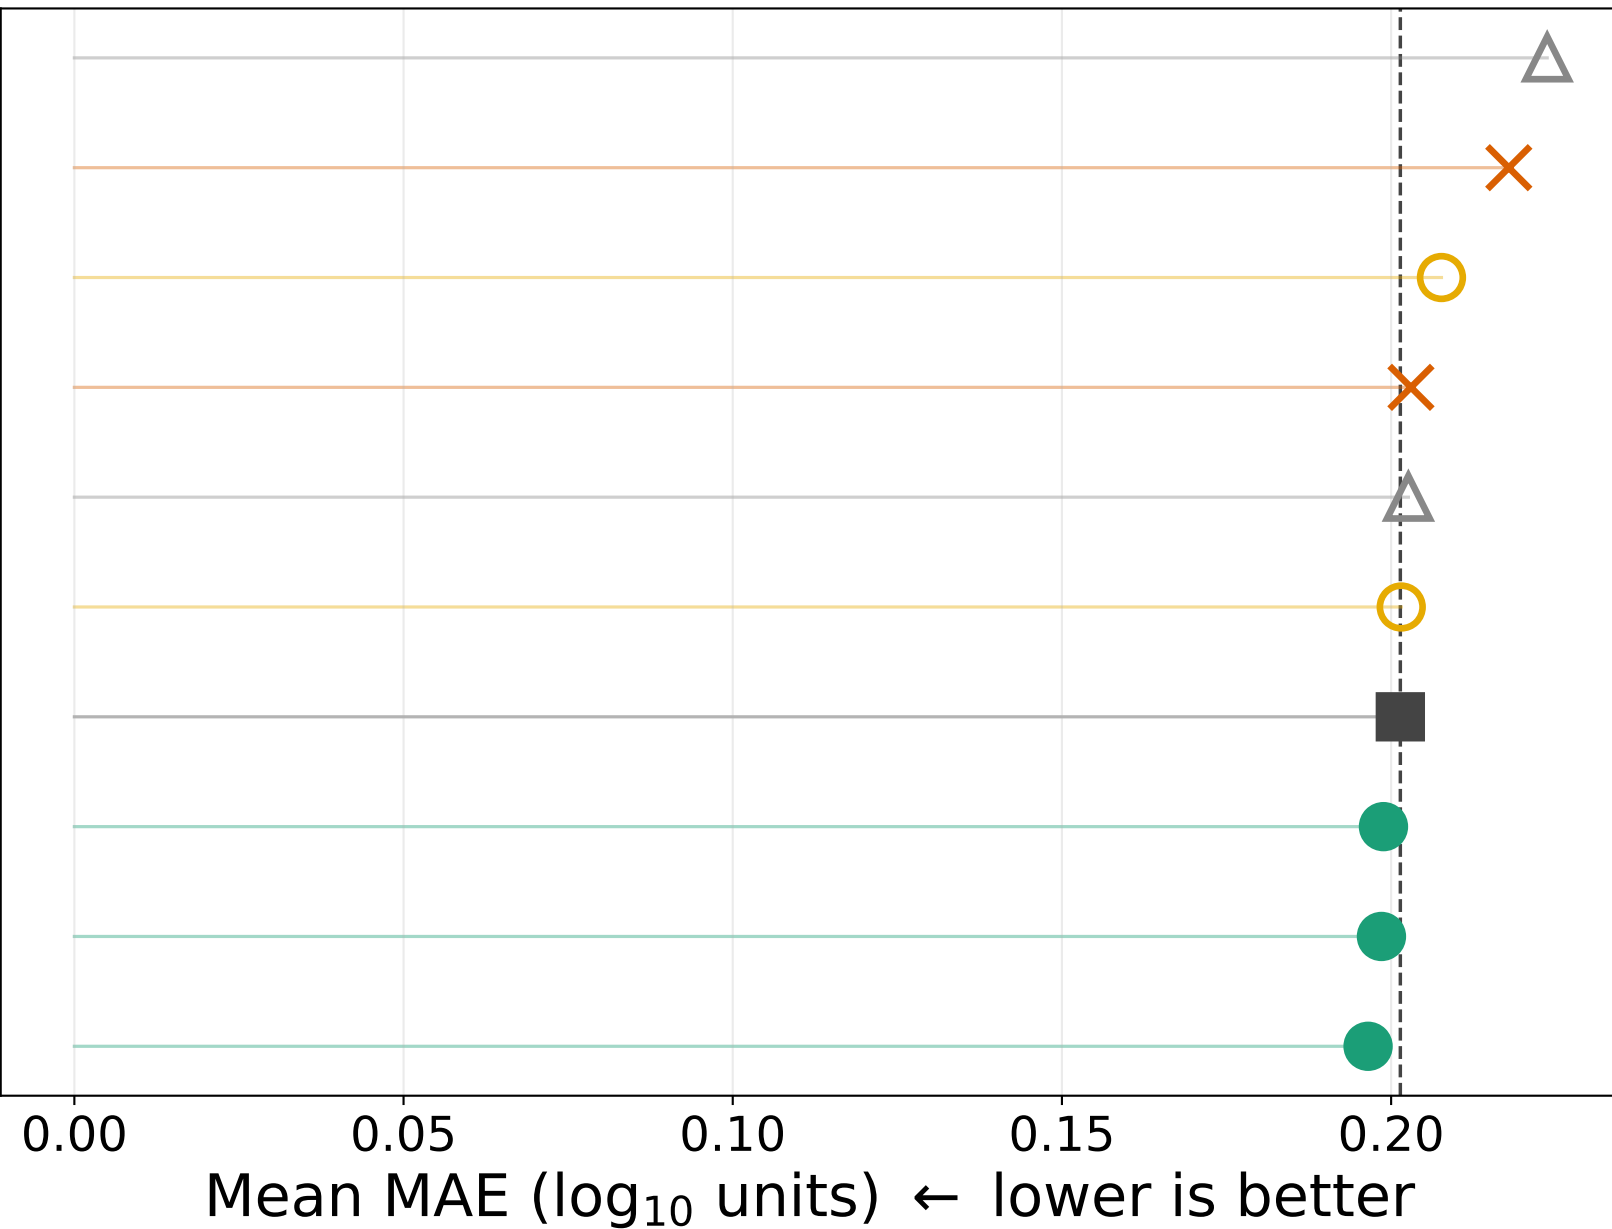

Solar alone

Target-only (baseline)

Curated low-redundancy physical

Wind/upwelling alone

Satellite biological proxy

Not placebo-tested in this dissection

Beats no placebos (no established effect)

Beats some placebos (partial/seasonal)

Baseline (no placebo test by definition)

Beats all 4 placebos (genuine signal)
